

To: Bridget, Julie, Sarah, Zoe and all the ladies in the babies room

I wanted to thank you for all you have done for me this year in the babies room.

I arrived to you straight from Israel 9 month old.

I could hardly seat alone and didn't say a word.

Now, at the end of the year I know how to walk, dance, "paint", eat by myself, mumble and say "oh no" each time I fall.

I am very friendly and confident and I love coming in the morning cuddle with Julie and give kisses to everyone when I go home.

All of these achievements couldn't have happened without the special carrying, listening, encouraging and teaching environment you have created.

Thanks for a lovely year!

Love 

Yael Bram and family
